The mission of The Sporting Woman Community Fund is to provide financial support to women and girls. Through this support, individuals and groups will be able to participate in life changing experiences through athletic endeavors.

The Sporting Woman Community Fund has grown from many requests over the years to help fund or provide material support for the many endeavors that women have chosen to enrich their lives. We want to help women who want to get out and do something athletic, stretching themselves beyond what they ever believed possible.

The Sporting Woman Community Fund will be accessible to women of all abilities and to dreamers, big and small.
